A Remote Operation Panel for even greater operability during shooting, equipped with a new touch panel

AK-HRP1010

The AK-HRP1010GJ is the successor model of the AK-HRP1000 ROP, supporting studio camera systems, remote camera and Varicam series in the future.

Key Features

1/4 rack size, four units can be installed in a single 19-inch EIA rack.

High-resolution 3.5-inch color LCD touch panel and easy-to-use operation button layout.

IP connection supported, enabling control of studio cameras and Panasonic's PTZ cameras*.

User-assignable knobs and priority buttons enable rapid operation of frequently-used functions.

Up to 99 cameras can be switched between and controlled with a single unit.
