

Stylus holder

PCPE-CDSG2SH

A stylus holder, specially designed for the TOUGHBOOK G2 with slim corner guards, to enable it to hold a stylus. The kit consists of a loop of elasticated fabric, held securely in place by a Polycarbonate attachment which closely matches the textured finish of the back of the G2. The kit can be supplied for retrofitting in the field by the user or it can be specified up front for pre-installation onto the G2. This stylus holder is also compatible with other G2 models.

Key Features

Designed specifically for the TOUGHBOOK G2 with slim corner guards

Compatible with standard G2 Stylus

Fully TOUGHBOOK Tested, including 10,000 cycles

MOQ: 100 pcs
