TOUGHBOOK

TOUGH is
staying strong in
mission-critical
moments

TOUGH is rising to the challenge

We believe in helping businesses across Europe perform at their very best – unstoppable and equipped for every situation.

We're setting a new standard for rugged mobile technology. Raising the bar for efficiency, security and connectivity. Making work smarter, easier and faster across the board, in every industry.

For over 25 years, Panasonic TOUGHBOOK has been redefining technology for the most challenging environments, with a dedicated range of laptops, tablets and handheld devices.

Be at the heart of the action

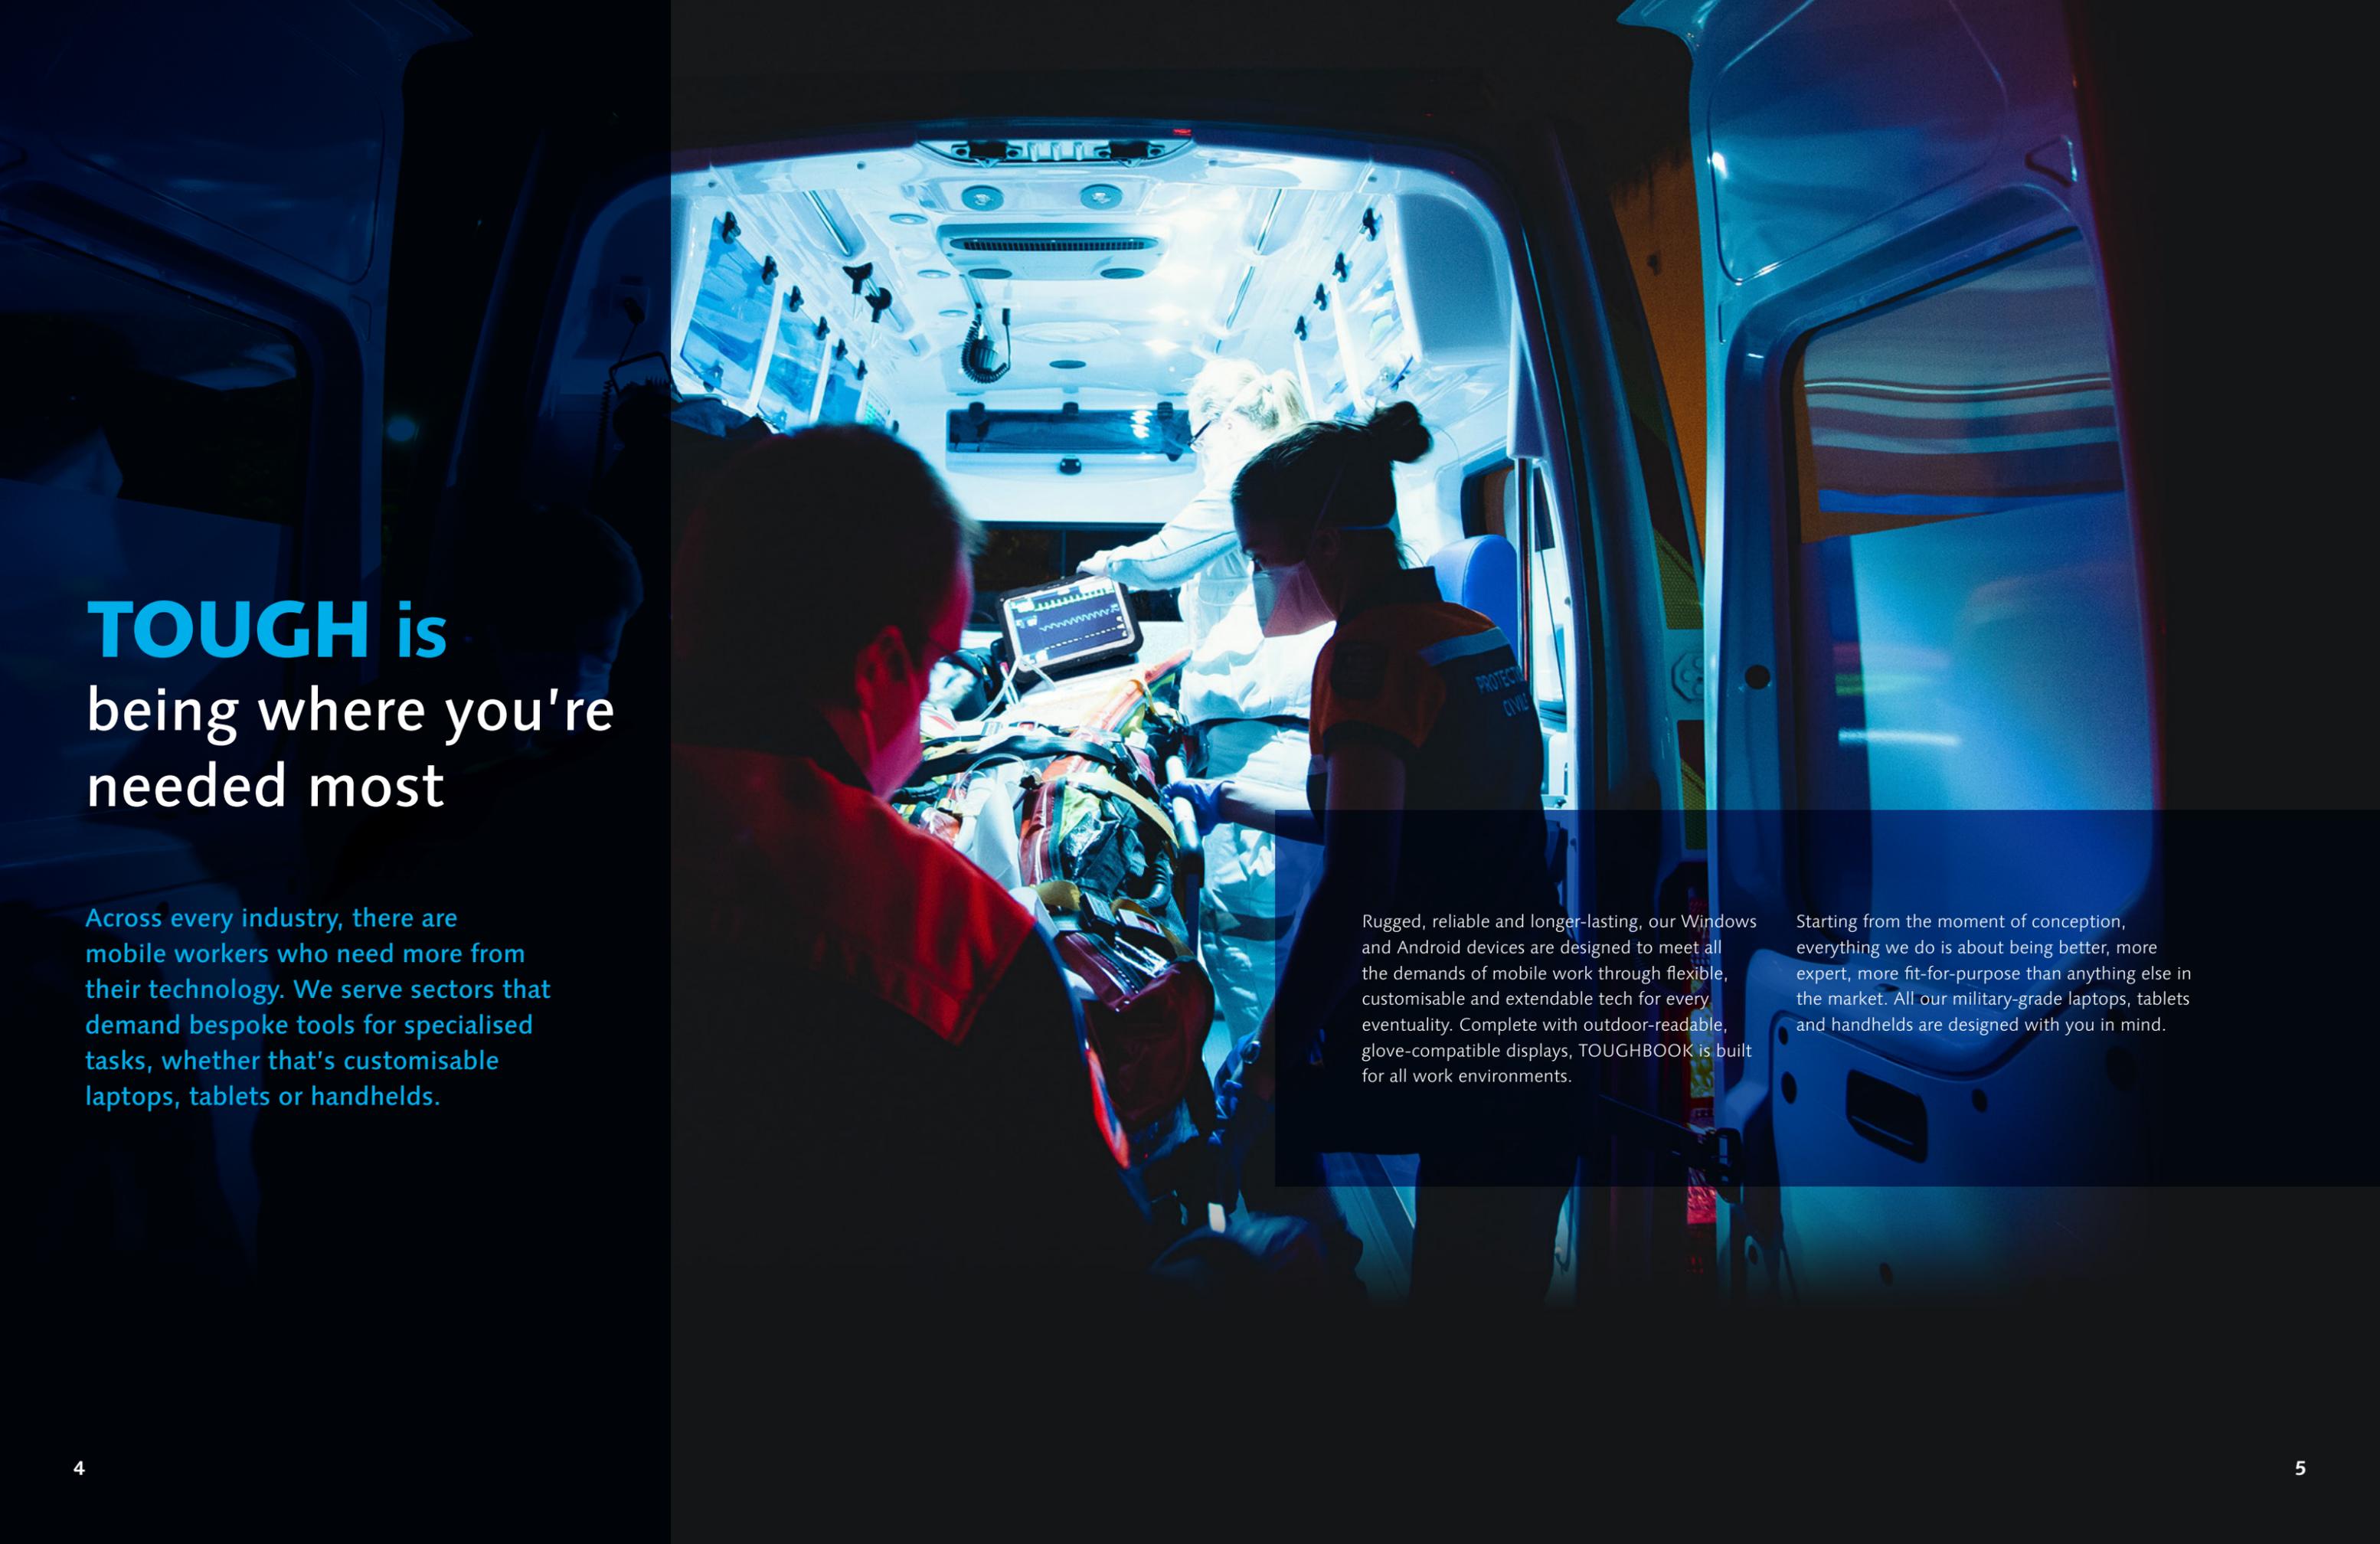

Don't let water, dust, drops or knocks hold you back. Our rugged mobile IT solutions ensure you're always ready to work – come rain, snow or shine. TOUGHBOOK was built resilient.

Stay connected and in control

Whether you're on the move, in the field or on-site, TOUGHBOOK keeps you connected. Manage your device remotely, keep your data safe, and put your trust in tougher security.

Adapt and go the distance

TOUGHBOOK devices are lightweight and customisable to help you go the extra mile. Full-shift battery life, hot-swap options and flexible configurations mean you can put the hours in without delays.

TOUGH is being where you're needed most

Across every industry, there are mobile workers who need more from their technology. We serve sectors that demand bespoke tools for specialised tasks, whether that's customisable laptops, tablets or handhelds.

Rugged, reliable and longer-lasting, our Windows and Android devices are designed to meet all the demands of mobile work through flexible, customisable and extendable tech for every eventuality. Complete with outdoor-readable, glove-compatible displays, TOUGHBOOK is built for all work environments.

Starting from the moment of conception, everything we do is about being better, more expert, more fit-for-purpose than anything else in the market. All our military-grade laptops, tablets and handhelds are designed with you in mind.

TOUGHBOOK devices are tailored to the complex requirements on construction sites. They alone make our digitization concept possible and feasible in practice.

Construction customer

TOUGH is driving innovation in every sector

Public

From emergency services and public safety to healthcare and defence, TOUGHBOOK is designed for long shifts, harsh climates and essential work – rugged and reliable, wherever you go.

- Defence
- Ambulance
- Police/Public Safety
- Fire and Rescue

Enterprise

Field services and off-site activities need the best combination of connectivity, endurance and durability – whether it's machinery maintenance, site inspections or inventory management.

- Construction
- Utilities
- Waste Management
- Maintenance
- Inspection
- Telecom

Manufacturing and Logistics

TOUGHBOOK makes quality control, equipment and inventory seamlessly efficient to manage and maintain, while ensuring your supply chain, warehouse, drivers and operations stay connected and secure.

- Manufacturing
- Pharma
- Logistics
- Public Transport
- Aviation
- Automotive
- Car Clubs

TOUGHBOOK has everything we need. High efficiency, compact size, durability, accurate GPS system, a clear display and a convenient code scanner.

Logistics customer

Ultra-secure Windows...

and Android devices

Whether you need a powerful rugged laptop, a tougher tablet or a hard-wearing handheld, the operating system is an essential part of your device's ongoing success.

We offer both Windows and Android devices to ensure you always get the best of performance and security.

Windows 11 Secured-Core PCs

Our TOUGHBOOK Windows devices integrate seamlessly with your existing infrastructure. Enjoy the latest Secured-core technology, including fingerprint readers, face recognition software and optimised BIOS firmware. And get total peace of mind with enhanced device, identity and data protection across hardware, firmware and software.

Enterprise-ready Android devices

Designed for mobile use in a wide range of sectors, our rugged Android devices come complete with enterprise-level tools for seamless remote management, configuration and enhanced security, right out of the box.

Join team TOUGH

We measure our success by the quality of businesses we call our customers.

Many of the world's most successful, influential and ground-breaking organisations rely on us for their mobile solutions, and have done for many years.

Our customers put their trust in TOUGHBOOK.

TOUGH is going above and beyond

Our TOUGHBOOK specialists offer a wide range of customisation, accessories, software and services to ensure your devices are tailored to your industry and your specific requirements.

PROTECT

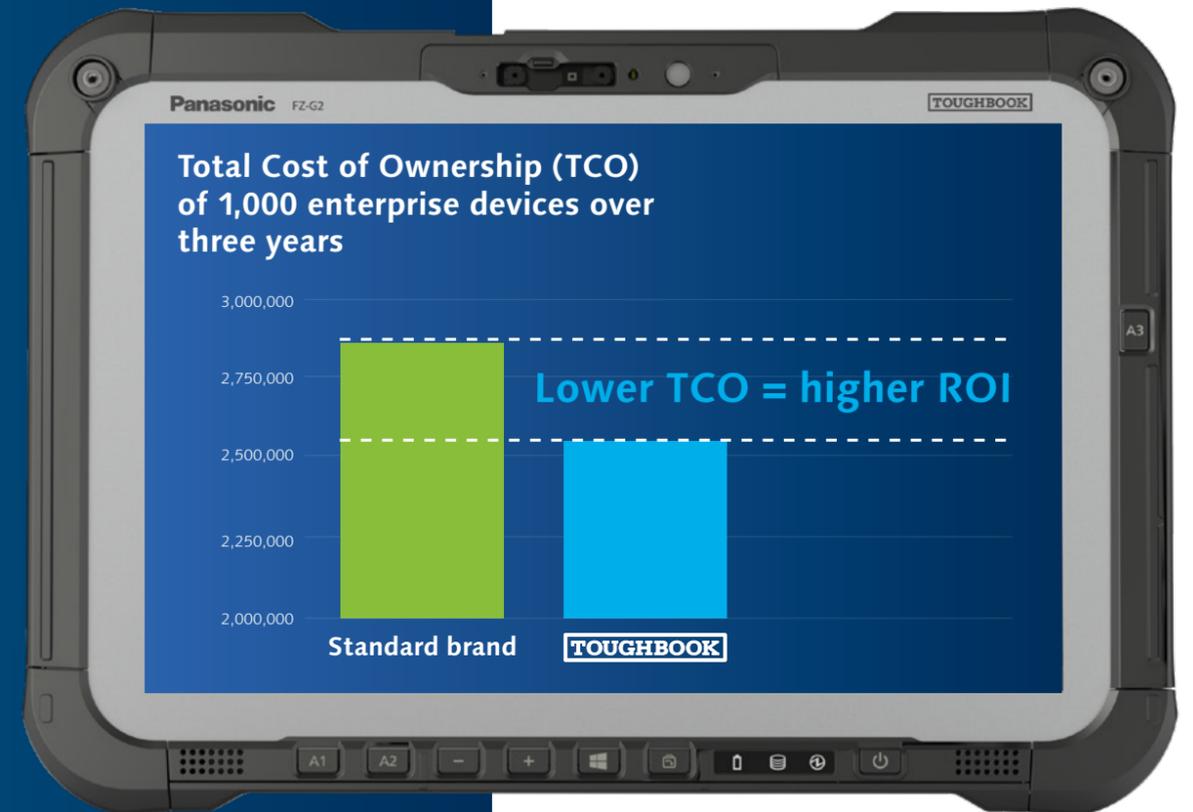

Warranties and after-sales service
Rapid Replacement Service
Smart Battery Warranty

PROSERVICES

Custom design and engineering
Device customisation
Accessory sourcing and certification
TOUGHBOOK-as-a-Service

Think long-term. Not short-changed.

Every TOUGHBOOK is designed with built-in cost savings. Some businesses may be tempted to choose non-specialist devices. But a small price tag doesn't always mean a better return on investment.

With specialist rugged technology you save on repairs and replacements, reduce downtime through connectivity and efficiency gains, and extend the total cost of ownership.

PROSERVICES

Maximising the power of TOUGHBOOK

World-class customisation, high-level security and seamless remote management all combine to provide all the support, power and protection you need.

TAILORED ENGINEERING

- Vehicle integration
- Vehicle safety testing
- Bespoke accessory design

CUSTOMISABLE TECH

- Extendable and customisable devices
- Expansion areas and easy-fit accessories
- Legacy ports and backwards compatibility
- Customised branding and kitting solutions
- Rapid application development

UNFAILING PROTECTION

- Optional upgrade to premium-level security
- 96-hour turnaround for in-warranty repairs
- Add-on 24-hour rapid replacement service
- Warranty options for up to five years' protection
- Bolt-on Smart Battery Warranty or Accidental Damage Warranty
- TOUGHBOOK Smart Essentials real-time device analytics software

ONGOING SUPPORT

- End-to-end deployment support tailored to your business
- Multilingual helpdesk
- Training on products and solutions from the experts

TOUGHBOOK AS-A-SERVICE

A unique, pay-monthly finance solution for TOUGHBOOK.

TOUGH is big performance with a small footprint

You'd be forgiven for thinking that more heavy-duty, rugged devices have a higher environmental impact.

In fact, the opposite is true.

Net Zero 2030

Panasonic TOUGHBOOK is committed to achieving net zero CO₂ emissions by 2030.

Energy Efficient

Lower power consumption, exchangeable batteries and exceptionally long lifecycles mean a reduction in waste disposal.

Extended Support

Our devices are all supported for five years after the product's anticipated end of life, ensuring long-term security and ongoing updates.

Modular Design

Many of our products come with built-in customisation options and can be adapted or redeployed to meet different business needs in the future – further extending the life of the devices and reducing the environmental impact of your business.
