

RESELLER BULLETIN

Subject: New AK-HCU250PTJ Camera Control Unit Option for AK-HC3900GSJ

Bulletin Type: Product Marketing Service

Bulletin Number: PV-2021-MB-5005

Date: July 1, 2021

Product: AK-HCU250PTJ

Panasonic System Solutions Company of North America (“PSSNA”), Division of Panasonic Corporation of North America is pleased to announce delivery of the **AK-HCU250PTJ Camera Control Unit (CCU)** for the AK-HC3900GSJ studio camera system. The AK-HCU250PTJ is equivalent to the standard AK-HCU250PSJ CCU, **but instead of the standard Lemo connector** for a Hybrid SMPTE 311 cable connection the AK-HCU250PTJ features **two ST fiber connections**.

The AK-HCU250 “T” model is ideal for such configurations as:

- Where dry fiber is run to the CCU location or from a patch panel so a Lemo to ST adapter is not required (eliminating additional patches).
- Where cameras are powered locally with a power supply or power insertion system.

The features and price of AK-HCU250PSJ and the AK-HCU250PTJ CCU are the same.

Model	Description	Suggested List Price	Recommended Reseller Price	MAP
AK-HCU250PTJ	CCU for AK-HC3900 w/ ST fiber– 4K upgradable	\$9,400	\$8,010	N/A
