

## TOUGHBOOK Mobile-IT As-A-Service

Focus on what matters  
with hassle-free mobile IT

## Removing the complexity from hyper-mobile working

In today's fast-paced world, you need superior performance made simple. A reliable mobile solution that drives increased efficiency and productivity for your in-the-field operatives, eliminating risk and adapting seamlessly to your specific business needs.

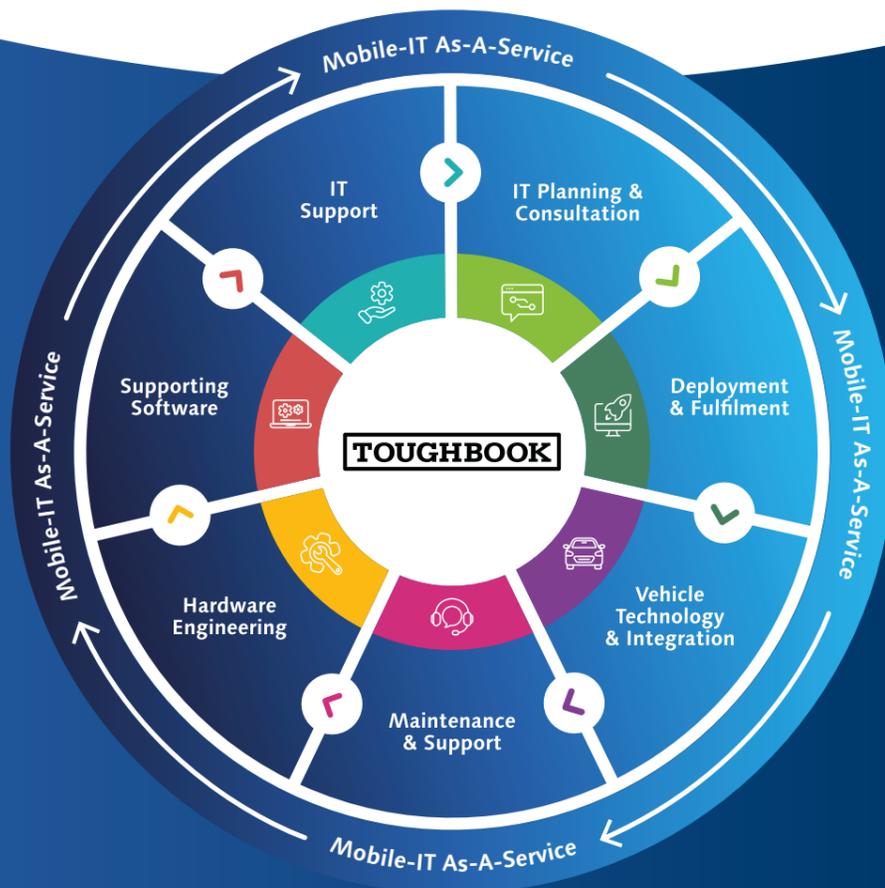

That's where TOUGHBOOK Mobile-IT As-A-Service comes in.

## IT designed your way

No two businesses are alike. That's why we offer tailor-made, end-to-end packages designed around the individuals needs of your mobile workforce, including:

-  **SERVICES:** Full support designed specifically for hyper-mobile workers, including maintenance and integration, so your field operations stay productive.
-  **SOFTWARE:** Must-have applications to make your mobile workers go further.
-  **ACCESSORIES:** All the extras that make mobile work seamless.
-  **HARDWARE FOR MOBILE WORKERS:** Equip your mobile team with the most robust and reliable devices on the market.

*Mobile-IT As-A-Service is also a more sustainable solution  
Helping to support the circular economy*

*Everything-as-a-Service is often found to be more beneficial to organisations as it streamlines IT workloads by offering flexibility, scalability, and the ability to adopt new technologies to better suit their needs.*

FORBES

## What it means for you:

-  **HASSLE-FREE EFFICIENCY:** Ensure your mobile workers have the most up-to-date, adapted equipment and service delivery without the hassle of managing it.
-  **FLEXIBILITY AND CONTROL:** Swiftly enhance your solution as your needs change. At the end of your subscription, choose to refresh, keep, or buy your equipment.
-  **PREDICTABILITY:** Effectively remove risk with service delivery you can trust.
-  **SUSTAINABILITY:** Reduce e-waste, contribute to carbon-footprint reduction and enhance your CSR standards.

## Our simple, customized subscription model allows you to choose the right level of support for your business.
