HAVIS

Docking Solutions

Havis provides device management products including docking stations, cradles, and trays for mobile computing devices

These products support the following technology:

- **Laptops** (Toughbook 55 and 40)
- **Tablets** (Toughbook 33 and G2)
- **2-in-1** (Toughbook 33 and G2 when used with keyboard)

Why dock

The key benefits of a properly mounted mobile computing solution for mobile workers are:

1. Occupant safety – preventing projectiles
2. Asset protection – theft prevention, preventing projectiles
3. Device Optimization – maximize ROI by connecting key peripherals

Why dock, detailed

- Key part of the ecosystem when using TOUGHBOOK
- Device optimisation
 - Add peripherals such as screens, keyboards to the tech
 - Improve workers' efficiency
- Anywhere you need to enable technology in a mobile environment
- Keep employees safe
 - Occupant safety (preventing projectiles)
 - Occupational health (reduce neck/wrist strain etc)
- Because you should protect your tech!
- Remember - it's still accessible to go mobile
- Applications where it's particularly important ...
